Brandocx

Problem

Not getting any phone calls or interviews

- 1 You're not tailoring your resume
- 2 You're not customizing your cover letter or email
- 3 You're not applying for the right jobs
- 4 Not customizing resume according to geography
- 5 You don't have a strong LinkedIn Profile
- 6 Not Networking with your target employers

Problem

Getting turned down or not hearing back after the first interview

- 1** Not being very relevant to the job. Research more
- 2** Not knowing about the company before an interview
- 3** You didn't justify your skills or values with examples
- 4** You didn't have a powerful story about your career
- 5** You were not confident enough during the interview
- 6** You didn't ask them the right questions

Preparation

before and after getting
an Interview Call is very important.
